

## ABOUT OUR SCHOOL

Colonial Hills United Methodist School was founded in 1970. For over 38 years, we have specialized in Early Childhood Education. Our setting provides a warm, loving and developmentally appropriate environment where children can grow and learn at their own pace. Weekly Chapel services help reinforce Christian values.

Our teaching staff is exceptionally well trained and knowledgeable. All of our teaching staff acquire annual training to continually be informed about current, researched based developments in early childhood education. We encourage learning through discovery methods as well as through teacher directed, small and large group activities.

Our goal is to provide interactions and experiences to help children build self esteem, benefit from socialization and gain skills for life.
