COLONIAL HILLS UNITED METHODIST SCHOOL

Providing Excellence in
Early Childhood Education
Since 1970

ABOUT OUR SCHOOL

Colonial Hills United Methodist School was founded in 1970. For 40 years, we have specialized in Early Childhood Education serving students from 18 months through Kindergarten. Our school provides a warm, loving and developmentally appropriate environment where children can grow and learn at their own pace. Weekly Chapel services help reinforce Christian values and character development.

Our teaching staff is exceptionally well-trained and knowledgeable. Each of our talented teachers attend annual training focused on current, researched based developments in early childhood education. Our school facilitates learning both through discovery methods and teacher-directed small and large group activities.

The CHUMS Curriculum

We believe children learn best when allowed to explore their world using all of their senses. Our school offers a balance of structured and non-structured activities. The curricula that we have adopted for each age group has evolved over our 40 years of experience. We utilize a research based curriculum while maintaining a child-centered, fun and nurturing Christian environment. Each curriculum was selected mindful of our school's vision to foster a love of learning and to build a foundation for future academic success.

[Pre-K Four year olds](#) *The DLM Early Childhood Express*, published by McGraw-Hill, is a comprehensive, research-based program. The program links language and early literacy, math, science, social studies, fine arts, health and safety, personal and physical development, and technology. *The DLM Early Childhood Express* curriculum develops children's minds and bodies through carefully selected and sequenced learning experiences preparing them for future academic success.

[Pre-K Three year olds](#) *Doors to Discovery* is an early childhood, hands-on and play based literacy curriculum that uses thematic units and literacy activities to build a foundation of oral language, phonological awareness, alphabet knowledge, and concepts of print and love of books. *Doors to Discovery* is published by McGraw-Hill.

[Little CHUMS](#) Our toddler curriculum, *Reach for the Stars*, consists of hands-on activities that help each child develop the skills necessary for success in preschool. Music and movement classes are provided daily.

OUR KINDERGARTEN PROGRAM

- Offers a low student/teacher ratio.
- Utilizes the *Pleasant Rowland Super Kids Reading Program*. This program incorporates whole language activities and includes a hand writing curriculum.
- Uses the *Silver Burdette Ginn Mathematics Program* which combines art, music, rhythm and literature into a program of math exploration, practice and application.
- Offers hands-on Science activities planned to meet student interest. Topics are taken from Earth, Life & Physical Science.
- Participates in many exciting and educational field trips.
- Consults and meets the academic standards set by the Texas Education Agency.
